A calligraphic practice row with a rectangular frame. The top horizontal line is labeled "Form" on the left and "Expression" on the right. A vertical line divides the space. The text "Always" is on the left and "With Effort" is on the right. A vertical column of 10 'x' marks is centered between the vertical line and the right edge. At the bottom left and right corners are circular icons containing stylized calligraphic characters.

Rebellious Arts

Activating a Rebellious Art is an effortful action which costs one point of Obstinacy.

Unless otherwise noted, the Art takes a few moments to kick in; if you are interrupted during this time, the Art does not activate and the Obstinacy is not spent.

If an Art must be sustained, this is a sustained effortful action which cannot be combined with other effortful actions.

Arts simply happen, and require no dice rolls; however, a test made in conjunction with an Art receives one extra die.

This bonus is received by at most one test per activation; if the Art is sustained, you can choose which test receives it.
